

SHIPBUILDER CALLED IN FREE TOLLS PROBE

Rear Admiral Bowles, Retired,
Subpoenaed by Senate Com-
mittee Today.

Further interesting developments in the Senate lobby investigation, with reference to the Panama Canal tolls question, were presented today when Rear Admiral P. T. Bowles, retired, president of the Fore River Shipbuilding Company, of Quincy, Mass., was subpoenaed to appear Wednesday.

At the same time Edward W. De Knight, of Brooklyn, a brother of Clarence De Knight, the Washington attorney and lobbyist, was summoned. It is alleged the brother has papers which were turned over to him by Clarence De Knight, and the committee wants to find out if this is true.

Admiral Bowles is expected to tell the committee just what was his interest in the last Congress, as head of a great shipbuilding concern, in free tolls through the canal. Mr. De Knight has testified that he received \$1,000 as a retainer from Admiral Bowles for working in behalf of free tolls in the last Congress, but that he knew nothing of any campaign on now against free tolls.

Couple who eloped to Baltimore Saturday, and were married by the young man's cousin, the Rev. Selwyn K. Cockrell, pastor of St. Paul's M. E. Church South. The happy bridegroom met a friend immediately following the ceremony, and could not resist the temptation to tell him about the marriage. The story soon reached Washington.

FIGHT OF NEW HAVEN AND U. S. IS AT CRISIS

Friends of Road Using Political
Expediency in Efforts to In-
fluence President.

A crisis is imminent in the relations between the Government and the New York, New Haven and Hartford railroad. President Wilson is facing the question of deciding whether to stand by the Attorney General in a strict enforcement of the demands made by the Department of Justice in the negotiations for a reorganization of the railroad, or to influence the Attorney General to modify these plans.

Political expediency is one of the strongest cards which the friends of the railroad are seeking to play. Resolutions of protest passed by bankers and public bodies in New England towns are being received at the Department of Justice in every mail.

Congressmen Moved.

New England Representatives in Congress, moved by the statements that thousands of small stockholders and "innocent widows and orphans" would suffer from an enforcement of the demands, are beginning to lay siege to the White House.

This morning Senator Weeks of Massachusetts called for a long conference with the President.

"I told the President," said the Senator, "that both sides were fighting while Rome was burning."

Senator Weeks explained to the President that the road is required to raise \$100,000,000 within four months to meet pressing obligations, and that, facing this extremity, not only the representatives of the Department of Justice, but the representatives of the railroad are wasting time. He continued that the time limit of three years, fixed by the Attorney General as the period within which the road must relinquish its Boston and Maine holdings, is entirely too short. Before that time, he said, no one would buy the securities of the road, and bargain hunters, like the Grand Trunk and Canadian Pacific, would wait until the expiration of that time and try to buy them in for nothing.

PROUTY RESHAPING TAXATION MEASURE

Emasculated George Bill May
Be Ready for Report to the
House by District Day.

Congressman Prouty, delegated by the House District Committee to reshape the George taxation bill to square with the Prouty-Johnson amendment taxing personal and intangible property, as well as real estate, at its full value, buckled down to work today on plans for the practical doubling of District taxes. Mr. Prouty expects to have the bill ready before the end of the week, and it may be called up in the House next Monday—District day.

Mr. George has lost interest in his emaculated measure. That's why Mr. Prouty is reshaping it to carry out the wishes of the Prouty-Johnson faction in the committee, which voted down Mr. George and his friends, 10 to 8.

Mr. Prouty will make changes in practically every section of the George bill. In addition to section 2, changed to include personal and intangible property, the Prouty redraft of the bill will make an important change regarding the board of appeals. Mr. George proposed a board of ten assistant assessors as an appeal board. Mr. Prouty thinks this board should consist of only five assistant assessors, which would afford more time for other work by the new assessors.

The George plan also contemplated annual sessions of the appeal board. Congressmen Prouty will suggest a change providing that the assessor may appoint a board at any time, and it may sit at assessor shall be on the board when property which he himself assessed is the subject of an appeal.

The amended George bill probably will be the order of business before the District Committee Thursday.

WILSON TO SUPPORT AMBASSADOR PAGE

Administration Feels That Indis-
cretion Was Committed in
Monroe Doctrine Speech.

President Wilson will stand by Walter H. Page, the United States ambassador to Great Britain.

In talking this morning with callers the President declared that the complete text of the Ambassador's now famous remarks in London last week, showed that he has been misquoted in his references to the Monroe doctrine and the Panama Canal.

The President cited one incident to show the nature of the inaccuracies. The Ambassador was quoted as saying that the President advocated a repeal of the free tolls clause in the Panama canal act "not merely to favor Great Britain," but for other reasons which he pointed out. His real statement, the President told his callers, was that the Ambassador in London last week, showed that he has been misquoted in his references to the Monroe doctrine and the Panama Canal.

Despite the President's apparent determination to stand by his representative at the court of St. James, it is no secret that the Administration feels that an indiscretion was committed by the Ambassador, and the hope is expressed that it will serve as a warning to other diplomats of the United States.

LONDON MILITANTS RAID RAILROAD YARD

Set Fire to Train and Mar Beau-
tiful Window in the Birming-
ham Cathedral.

LONDON, March 16.—The reign of terror instituted by militant suffragettes following the recent arrest of Mrs. Emmeline Pankhurst was directed today toward the railroads. The suffragettes swooped down upon the railroad yards at Kings Norton, near Birmingham, and burned six passenger cars, standing on a siding. Three others were badly damaged.

With the new wave of militancy assuming greater proportions daily, some action is expected to be taken as a result of a letter received by the dean of Westminster from Sylvia Pankhurst, declaring that East London suffragettes will march to the abbey next Sunday and attend the evening service. Miss Pankhurst said she would be present, and asked that special services be held.

It is feared that the famous Burnes-Jones window in Birmingham Cathedral is permanently marred as a result of the suffragette raid yesterday. The words "votes for women" were painted across the window. The floors, pews, and pulpit of the cathedral were disfigured by the women.

Solemn High Mass at St. Patrick's Tomorrow

Solemn high mass will be celebrated at St. Patrick's Church tomorrow at 11 o'clock. The celebrant will be the Rev. M. J. Riordan of Baltimore; the deacon the Rev. James O'Connor, of St. Augustine's; and the subdeacon, the Rev. J. Leo Barley, of the Catholic University. The sermon will be delivered by the Rev. John M. McNamara, of St. Patrick's.

Both choir and organ, and will be assisted by an orchestra.

Mgr. Bonzano, the apostolic delegate, will be present, and will afterward hold a reception in Carroll Hall.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less meat if you feel
Backache or have Blad-
der trouble.

Meat forms uric acid which excites and overworks the kidneys in their effort to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jade Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days; your kidneys will then act fine, and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, and to break up and remove uric acid from the system. Jade Salts is inexpensive, harmless, and makes a delightful effervescent drink. Write for free literature to millions of men and women take now and then this avoiding serious kidney and bladder troubles. Jade Salts is made by New York agent, Jas. O'Donnell's Drug Store—Advt.
